

Land Use Related Choices under the Kyoto Protocol

Obligations, Options and Methodologies for Defining Forest and Selecting Activities under KP Article 3.4.

Objectives

- Information exchange in light of decisions in 2006
- Summarize experience from countries
- Informed debate and brainstorming on innovative ideas to tackle the issues
- Inform countries on issues to be considered, so that nothing is overlooked
- Inform national implementation of LULUCF
- Develop guidance also for those that could not participate (workshop report)

Break-out groups

- Forest / Forest Management
 - Definitional issues
 - Issues related to the FM decision
 - Others (e.g., Art 3.7)
- Cropland, Grazing land management; revegetation
 - Clusters yet to be defined
- For proposed BOG outlines, pls see printouts
- Projector and writing materials will be available

Proposed schedule

- Plenary sessions: Monday until mid afternoon
- BOGs (scoping): Monday late afternoon
- BOGs (working): Tuesday morning and afternoon
- Plenary (BOGs report back – cross-fertilization): Tuesday late afternoon
- BOGs (working): Wednesday morning
- Final Plenary: Wednesday afternoon
- Presentations will be made available (pdf)
